## MESSAGE FROM THE DIRECTOR

Strong libraries are needed today more than ever as we are one of the few institutions that brings the community together in spite of differences in politics, religion or socio-economics. We will succeed as long as we remember that we are here to offer knowledge and possibility to all who enter our doors.

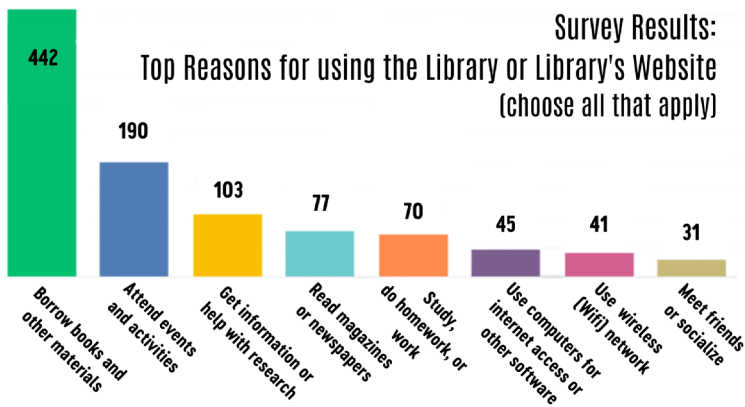

In 2021, the Alexandria Library embarked on a refresh of its Five-Year Plan. Staff conducted research on the community's makeup, including changing demographics, educational attainment, languages spoken and social economic status. Community surveys were created in multiple languages and shared inside branches, on the Library website, social media, and during limited outreach. While focus groups were conducted, participation was limited due to the pandemic.

Through this process, the seven focus areas where we believe the Library can have the greatest impact on the City of Alexandria were re-affirmed. Over the next five years the library will use this guidance to better serve the community.

Rose T. Dawson, Executive Director, Alexandria Library

The Alexandria Library builds community by providing opportunities to learn, explore, create, and connect. The Library focuses that goal in the community through different service priorities as established in its 5-Year Plan. The Alexandria Library refreshed its 5-Year Plan by inviting input from the community and other partners to update its priorities and objectives.

## Support for Learners of All Ages

*Provide increased support for learners of all ages through enhanced workshops, materials and staff development.*

- Provide programming and resources for families, young children and youth to ensure school readiness, academic success, and career readiness.
- Expand programming efforts targeted to older adults and their unique needs and interests.
- Increase support for English Language Learners (ELL) throughout the community by emphasizing onsite instruction and supporting materials.

## Library Collections

*Provide additional resources for customers and enhanced access to special collections through strategic budgeting, acquisitions and collection maintenance.*

- Expand world language collections to meet the needs of the community.
- Examine usage data to better allocate Library resources to purchase materials in both print and electronic formats that align with community needs and wants.
- Special collections will emphasize digitizing collection indexes and research guides to allow a wider audience to access the collection.

## Technology Management and Access

*Become known as a technology leader within the community by providing innovative services and access to technology and training.*

- Provide community members of all ages with access to innovative technology.
- Identify community partners to assist with training for staff and customers.
- Effectively manage and evaluate existing and new technology offerings.

## Library as a Community Hub

*The Library is recognized as a community gathering space through its welcoming facilities, excellent customer service and diverse programmatic offerings.*

- Provide safe, clean, and comfortable facilities and spaces.
- Conduct facilities assessments/space evaluations at all locations.
- Provide programming that is diverse, dynamic, educational, and supportive of community concerns.

## Organizational Health and Development

*Retain dedicated and engaged staff members, committed to the Library's mission and their roles in implementing strategic initiatives.*

- Offer comprehensive training to staff to increase performance, accountability, job satisfaction and retention.
- Promote and reward employee retention and loyalty through recognition programs.
- Work with the City of Alexandria to ensure compensation and benefits are competitive and allow us to hire and retain staff.

## Community Relations, Marketing and Branding

*Increase the Library's visibility throughout the community through comprehensive outreach, updated marketing materials and consistent branding.*

- Create and implement a comprehensive marketing plan and maintain a constant brand with complementary marketing materials.
- Increase the Library's visibility in the community through outreach and civic engagement efforts such as participating in after school program outreach, farmers' markets, and tabling at local City events.
- The Library will expand its outreach to underserved populations with the addition of an electric vehicle.
- Increase the Library's social media presence.

## Fundraising and Advocacy

*The Library will work with City government to secure adequate funding and will seek out fundraising and grant opportunities to further our mission.*

- Work with the Library foundations and Library Friends groups to develop funding support.
- Develop an annual advocacy program to gain public and private support.
- Cultivate relationships with key community advocates and organizations.
